

HYBRID COPPER RESIN PADS

These pads represent the next level in polishing performance.

A grit range of 30-3000 ensures a seamless experience for any polishing project across a wide range of materials.

- The hybrid copper resin bond cuts faster and lasts longer than traditional resin polishing pads
- The outer ring features a copper-resin hybrid designed for maximum speed and extended life, while the inner ring is made from our highest quality resin and diamond matrix to refine the surface and remove swirl patterns left by the copper
- Ideal for flat edge polishing, surface polishing, and scratch repair

Part No.	Diameter	Grit	Backing Color
TSTCRH4-30	4"	30	Purple backing
TSTCRH4-50	4"	50	Blue Backing
TSTCRH4-100	4"	100	Yellow Backing
TSTCRH4-200	4"	200	Orange Backing
TSTCRH4-400	4"	400	Red Backing
TSTCRH4-800	4"	800	Green Backing
TSTCRH4-1500	4"	1500	Turquoise Backing
TSTCRH4-3000	4"	3000	Brown Backing
