TILE AND STONE TECHNOLOGIES™

NEBULA
BRIDGE SAW BLADE

*The **TST Nebula** bridge saw blade gives you what other blades can't, long life, high speed and perfect clean cuts.*

- Larger grit diamonds in special metal bond matrix make this one of the fastest cutting blades in the industry.
- Hybrid layering technology gives the blade up to 70% longer life and efficiency. Rigid reinforced core gives unmatched precision on straight and miter cuts.
- Available in 14" and 16".

GRANITE **QUARTZITE** **ENGINEERED STONE**

Part Number	Size/Description	Max RPM
